The Wheel of Life

Eight areas of your life, chosen by you, one wheel. Rate how satisfied you feel in each right now, not how satisfied you think you should be.

NAME _____ DATE _____

Choose your eight areas. Pick whichever feel most alive for you right now, from this list or your own words, and write one into each blank spoke of the wheel below.

- Career & business
- Finances & money
- Health & fitness
- Family
- Partner/Spouse
- Friends & social life
- Personal growth
- Fun & recreation
- Physical environment
- Spirituality
- Community & contribution
- Emotional wellbeing

How to fill it in: for each of the eight areas, shade or mark from the centre outward to the ring that matches your satisfaction right now — 1 at the centre (lowest) to 10 at the outer edge (highest). Then join the marks across all eight, and look at the shape you've drawn. Filling this in on screen? Click each area to pick from the list, or type your own, then type your score (1 to 10) in the small box beside it.

To reflect on together

Which area surprised you?

Where is the biggest gap between where you are and where you want to be?

If one area moved up a single point, which would change the most?
